

# MISSION GARDEN GROVE

## Who is involved in the Mission?

Churches and ministries can collaborate together with us through sending teams into Little Saigon. We desire to see the Kingdom of God and impact this next generation in Garden Grove, CA. We will strive together to *empower leaders* to love like Christ and *engage the lost* with the gospel of Christ.

### Examples of churches & ministries involved:

- (1) Collide - thecollide.com
- (2) Grace Ministries International - gmim.org (Fullerton)
- (3) Irvine Baptist Church (Irvine)
- (4) Southern California Antioch Church (Anaheim)
- (5) City Lights Church (Fountain Valley)
- (6) Vietnamese Alliance Church (Anaheim)

## What is the Mission?

### Objectives

1. Empower believers thru encountering God's word & Spirit
2. Equip believers to clearly & boldly proclaim the gospel
3. Evangelize the unreached/unengaged in the city

### Agenda (What your team will do)

#### *Encounter the City*

We will walk and pray in the city. We will spiritually engage the city through praying for education, government, business, neighborhoods, and families. We seek the Lord asking what He wants us to see and do.

#### *Engage in the City*

We will serve the city doing what we call love projects. Teams will be challenged to use resources given and their creativity to serve Little Saigon. We will also be trained to share the truth of Jesus Christ and present the gospel in practical ways.

#### *Establish New Believers*

We will coordinate between churches involved to follow up with the new believers and connect them.

### Basic Cost

\$40/person/day if your church would like to stay at Garden Grove Friends Church. Cost includes housing (no showers) and food (3 meals/day). Each person will need to bring their sleeping bag and personal toiletries.

## Why the Next Generation in Garden Grove?

- This city is a landing pad for immigrant families, especially the Vietnamese & Hispanic. They chase the American dream in a land of opportunity. But in reality most end up in despair when their households are destroyed by divorce, debt, failure, and the gap with children caused by generational & cultural differences.
- The door into reaching these immigrant families are the youth and next generation. They are the open, seeking, and unengaged.
- In the United States, Garden Grove has the 2<sup>nd</sup> largest population of Vietnamese Americans and Orange County has the largest population of Vietnamese Americans.
- About 1% of Vietnamese are Christians in the world and less than 2% in U.S. About 98-99% of Vietnamese-Americans need to be reached with the message of Christ.
- Many potential leaders leave their church due to unmet needs and a lack of good leadership examples to follow. As a result the church loses leaders & leaders aren't trained.

# Kingdom Come!

Address: 12211 Magnolia St., Garden Grove 92841
